

AUSTRALIAN FEDERATION OF RACEWALKING CLUBS
SECOND FEDERATION CARNIVAL
SYDNEY
SATURDAY 19 MAY 1973

Alas, only a partial report, based on what I could find in the VAWC magazine HEEL AND TOE

With ideal weather conditions prevailing and a large representation from all States, everybody was set to enjoy a day of keen competition and good racing.

Unfortunately, NSW was the only State able to field a team and obviously won the event.

This was the main event from a Victorian perspective, as any teams chance for the seniors had disappeared when Alan Lucas was forced to withdraw with an injured foot. Any thoughts of an easy victory were dispelled by the way the opposition was walking and the Victorian boys were going to have to pull out all stops to win.

In a desperate sprint for the line, Ron Pilcher (VIC) and Richard Noonan (NSW) hit the line together in 25:00. However, Noonan was disqualified after the finish, thus ruining their teams chances. P. Webber (SA) and B. Cook (QLD) finished next but were not included in the points as their States had insufficient numbers for a team. John Cullen (VIC) battled hard to hold out M Keogh (NSW) and Peter Sharman (VIC) was next to finish, thus ensuring a teams victory for VIC.

Interest in the women's 5km centred on the battle between Alison Nicholls (VIC) and Lillian Harpur (SA). Lillian led clearly to the half way mark, after beating off a determined challenge from Bev Wilkins (NSW) but failed to make a turn at the right place and ended up doing an extra 400m or so, eventually finishing in 7th place. Alison took over the lead when Lillian went off course and finished strongly for a creditable 26:23 to win the race.

The interest here was to see how the NSW aces would go against South Australian Peter Fullager.. However, Fullager soon put any thoughts of a close race out of mind in the first lap, when he opened up a large break. He kept extending this lead as the race progressed, finishing first with 94:02.
