

16th LAKE BURLEY GRIFFIN CARNIVAL
SUNDAY 13 JUNE 1982

This results set is missing the U12 and 15 Boys and Girls and the Women's 10 Miles results.

Willi Sawall won his seventh title in a row with his second fastest ever time of 2:18:18. This was Sawall's greatest year of racing and, as well as this performance, he produced two 2:08 performances over 30 km and reduced his 10 km time to 40:04. He was untouchable throughout the year.

Bill Dyer and Keith Knox both produced PBs to take the minor medals. But this event is memorable for very different reasons – with Victorian walker Mark Wall being hit by a car and seriously injured when in sight of home. Mark described the scenario as follows:

*“It was near the start of the last mile and I was walking a stormer. I had passed Andrew Jachno at about 30 km, I was in fifth place, Rod Huxley in 4th, Bruce Cook 3rd in easy view. They apparently were bobbing like corks with fatigue. Rod was spent from trying to break away from me, I might even have got both, or so I believe. The bugger of the thing was that I had done the extreme Carbo depletion/ load, so I will never know if it works...ha ha !
The facts are these, it was the Commonwealth Drive Roundabout in Russell. It was uncontrolled and the motorist was looking for only traffic coming in from the normal direction. I took some evasive action but did not lift my left leg in time and ruptured ligaments. It was essentially the old 1 lap course with some bike paths, it did cause a change in subsequent years. “*
