

1999 RWA Second Federation Carnival, Chipping Norton, Sydney

Report by Peter Waddell

In a very well organised Carnival, the NSW Walkers put on a good afternoon of racing. Organisers had selected/named the timekeepers lapscorers/recorders before each race and each event started on time. The timekeepers and scorers gave the finishing time and competitor numbers to Mike Mulligan who put time against the athletes name (at the finishing line). He then worked their handicaps and displayed the results (minus the handicap section). He didn't have a computer but hand printed each result. He was so quick and efficient. We should borrow some of them for the LBG carnival next year.
