### **Shared 30km and 50km Victorian Roadwalk Championships**

In 2013, the Victorian Men's 30km Championship was rebadged as an 'Open' championship, meaning that medals are to be given to the first 3 finishers, regardless of gender. But it was not until 2018 that women finally medalled in this shared championship.

In 2014, the Victorian Men's 50km Championship was rebadged as an 'Open' championship, meaning that medals are to be given to the first 3 finishers, regardless of gender. Alas, no women have medalled as yet in this shared championship.

Placings in these championships are recorded in the AV Men's Championships document
