

VICTORIAN WOMEN'S RACEWALKING CHAMPIONSHIPS: 1947 - 2022

I have already written about the long time that Australian women had to wait before they could compete officially in amateur athletics competition (see [Australasian Championships Women 1933-1940.pdf](#)).

In summary, the general attitude of the male-dominated society in Australia was not conducive to women's athletics and women were actively discouraged from participating in sport. Nevertheless, there was no stopping the women and by 1928 three women's clubs had affiliated with the NSWAAA as part of men's clubs - Botany, Kensington and St George. In 1929, women's inter-club competition began in Sydney.

South Australian, Queensland and Victorian women also formed their own associations around this time. But it was not always easy. Early in 1929 a delegate from Glenhuntly AAC in Victoria moved that women's events be included in the state championships. The male delegates were shocked and the motion was soundly defeated. The women went their own way, forming the Victorian Women's Amateur Athletic Association (VWAAA) in December 1929. When the women's association subsequently tried to affiliate with the men, they were refused on the grounds that they would flourish better on their own. This resulted in Victorian men and women competing in separate associations until the late 1970's when they were finally amalgamated. Nationally, the women also went their own way, forming the Australian Women's Amateur Athletic Union (AWAAA) in 1932 and taking control of their own destiny.

The 1930/31 season saw the start of inter-club for women in Victoria at 3 venues - Williamstown and Glenhuntly Cricket Grounds and the Royal Showgrounds. It was not until 1936 that the VWAAA was able to obtain Royal Park from the Melbourne City Council. By 1939 they had a proper cinder track and dressing room accommodation there and they competed at that venue until the merger with the men in the late 1970s.

Interestingly, the Victorian Women's Championships continued throughout the war, with their usual schedule of events, except for the 880 Yards Walk which had been removed. It would not reappear until the 1947 edition.

Finally in 1947, the women walkers were able to participate once again in the Victorian T&F Championship at Royal Park, with Elsie Capel the winner of the 880 yards event. As was the norm during those time, only the winner's time was recorded.

880 YARDS WALK

Finally, after an 11 year hiatus, the 880 Yards Walk was reintroduced to the T&F Championships in 1959, with Bev Viney of Williamstown winning the first of 6 State titles in a row. Williamstown quickly became the dominant women's walking club, with Bev's sister Judy Viney and others normally taking the minor medals as well.

1967 VICTORIAN WOMEN'S CHAMPIONSHIPS

Royal Park West

In 1967, the mantle was passed to Bernadette Jeacle of Footscray who won the walk double with much faster times than had been previously recorded. From then on, the names are familiar to me. Walkers like Bernadette, Lorraine Stafford, Helen Littlejohn and Kay Pittman were regulars with the Victorian Amateur Walkers' Club at Albert Park. They raced at Royal Park on the track with the Victorian Women's Assn in the summer and at Albert Park on the road in the winter, revelling in the opportunity to attack the longer distances on offer.

Alison Nicholls of Ballarat burst onto the scene in 1972, dominating both track and road during her short career. Over the next few years, she regularly won at both State and National levels and set World Best times for the 1 Mile Track Walk and the 3000m Track Walk. She was the first of our female superstars and her retirement in 1976 saw the mantle handed to a bevy of younger walkers coming up through the ranks.

Sue Orr of Ringwood, born 1958, confirmed her early potential in November 1976 when she broke the Victorian Open 3,000m walk record in a sensational 13.54.4, only 4.8 seconds outside Anne Pembroke's Australian record. Within two months, on 8th January 1977, she clocked 6:35.1 to break the World 1500m walk record. In February 1977, Sue again lowered the Australian and World records to 6:29.4. She would dominate the Australian scene for many years to come.

By this stage, the two walks were contested over 3000m and 5000m.

1977 VICTORIAN WOMEN'S CHAMPIONSHIPS**Aberfeldie Park and Olympic Park****3,000 METRES WALK**

1978 VICTORIAN CHAMPIONSHIPS

I designate all championships from 1978 onwards as "Victorian Championships" rather than as "Victorian Women's Championships". The women and the men had finally amalgamated in Victoria. While the women's championships would continue to be held separately (mainly at Aberfeldie Park) for the next few years, the merger slowly moved into a full integration.

1.	Sue Cook	Ringwood	
2.	Sally Pierson	Doncaster	
3.	Lorraine Young	SSH	

By 1979, our top 3 Victorian walkers were Sue Cook, Lorraine Young and Sally Pierson. Sue and Lorraine were obvious, given their placings in various open championships up till then. But Sally Pierson had not really featured on the open medal tables, given that she was still only 16 at that time. But what a talented walker she was. In February 1978, she had set Australian and Victorian Under 15 and Under 16 3000m walk records at Aberfeldie with 14:13.2. This time stood as a Victorian record for over 20 years. She followed this up in Perth with wins in the 1979 Australian track Open and Junior championship double. She was amongst the youngest ever to win an Australian Open championship, just days short of her sixteenth birthday.

Sue, Sally and Lorraine were selected to represent Australia in the 1979 Eschborn Cup. They performed superbly, Sue finishing 5th in 23:10, Sally 10th in 24:10 and Lorraine 15th in 24:35. Australia finished 3rd in the women's team competition, confirming our position as one of the top women's walking nations

1986 VICTORIAN CHAMPIONSHIPS

Two extremely talented young walkers appear for the first time in the 1986 Victorian 5000m walk results.

NSW walker Kerry Saxby, born 1961, had burst onto the national scene in 1983 with silver in the Australian 5000m walk championship. She would go on to win a record 27 National titles, set 32 World Best/Records in race walking and represent Australia in 24 major championships. By 1986, she was already at the top, as her Victorian 5000m Championship winning time of 21:53.36 indicates.

The other walker of note was a phenomenal underage walker from Geelong, Gabrielle Blythe. Gabrielle, born in 1989, had cut a swathe through the junior ranks, setting record after record and, by the time of these championships, had PBs of 6:20.2 (1500m) and 13:12.6 (3000m) and set a 5000m PB of 22:37.46 in this race. She would also spend 3 years as a scholarship holder at the AIS inc Canberra, from 1991 to 1993. It was during her time in Canberra that she would represent Australia in the 1992 Olympics.

Heather McDonald was a new name in the Championships lists in 1988, as she finished 5th in the Victorian 10km walk with a time of 53:08. Heather, now Heather Carr, would go on to become our most successful ever female Masters walker, setting world records and winning world championships in age group after age group. She also went on to win a lot of Victorian Open Championship medals over a long career (that is still ongoing at the time of writing, some 33 years later).

Wendy Muldoon's name first appears in 6th place in the 1989 Victorian 5000m Walk Championship. It would take her a few years to work her way to the top but, by 1994, she would be our dominant Victorian walker and would be winning just about everything on the local front. She would go on to represent Australia in the 1995, 1997 and 1999 Race Walking World Cups.

1998 VICTORIAN CHAMPIONSHIPS

A new name appeared in the results sheet for the 1998 Victorian 5000m Walk Championship, with 24 year old Kelly Ruddick of Ballarat taking 5th place with 24:41.16. Alas, family commitments then put paid to Kelly's aspirations and we did not see her again until 2004. She eventually earned her Australian vests in the 2014 Race Walking World Cup and the 2015 IAAF World Championships, a true example of achieving your goals against all the odds.

2002 VICTORIAN CHAMPIONSHIPS

Kellie Wapshott's name first appears in these listings with her win in the 2002 Victorian 5000m Track Championship. It was the first of 3 consecutive victories she would achieve in this event, but her wins were done on natural talent rather than on regular training. She had been a wonderful underage walker and had finished her junior career in 2000 with 5 gold, 2 silver and 2 bronze medals at Australian level and so many Victorian medals that I lost count. Alas, at that stage, she looked like yet another highly promising junior lost to the ranks. Thankfully, she eventually found motivation and went on to represent Australia in the 2006 and 2008 World Race Walking Cups and the 2008 Olympics.

2006 VICTORIAN CHAMPIONSHIPS

With the Commonwealth Games to be contested in Melbourne in April 2006, the Victorian T&F Championships were swapped from Olympic Park to the Melbourne Cricket Ground. It was the first time that walkers had graced the hallowed turf since the 1956 Olympics and it saw the usual entry list swell from around 300 to over 1600, many from interstate. The 5000m walks had 28 and 30 entries in the men's and women's race respectively. After the Commonwealth Games, the MCG once again reverted to a football and cricket stadium so this was a wonderful once off occasion.

A new name appears in the document with this race, namely Jessica Rothwell, back in 8th place with 24:52. Jess, born in 1989 and hailing from a dairy farm in Katunga, in NE Victoria, was the top Australian U18 walker at that stage and was dipping her feet into Open competition for the first time. She would go on to have a stellar career, with 2 Race Walking World Cups, 1 World Junior Championship, 2 World Championships and 1 Commonwealth Games, before ongoing injuries put paid to her career in 2013.

Regan Lamble first appears in these championships listings with a second place finish in the 2007 Victorian 10,000m Track Championship. Born 1991, Regan would go on to have a stellar international career, starting with the 2008 Race

Walking World Cup and extending to the 2017 IAAF World Championships, and taking in the 2012 and 1016 Olympics along the way. In fact, she was in just about every team from 2008 to 2017.

Another two first timers appeared in the results of the 2008 Victorian 10km Roadwalk Championship, with Rachel Tallent winning with a time of 52:06 and Amy Burren taking second with 53:41. Rachel, born in 1993 and hailing from Ballarat, was aged 15 at this time, while Amy, born in 1994, was even younger, being only 14 years of age. They were great rivals during their junior days, with both gaining early international vests.

Amy represented Australia at the 2011 World Youth Championships and looked set for a promising longer term career, before a series of health issues forced her early retirement from the sport.

Rachel represented Australia in the 2012 and 2012 Race Walking World Cups, as well as the 2012 World Junior Championships, before going on to gain further international vests as a senior athlete. Overall, she repped at 3 Race Walking World Cups, 3 University Games, 1 World Junior Championship, 2 World Championships and the 2016 Olympics.

2009 VICTORIAN CHAMPIONSHIPS

A new name appeared in 6th position in the 2009 Victorian 5000m Track Championship, namely Beth Alexander. Beth, born in 1992, was a good example of a talented Little Athletics walker who continued to excel throughout her secondary

school years and who eventually made the jump from national to international walker, representing Australia in the 2010 World Race Walking Championships. A painful foot injury eventually put paid to her career soon after this, so she did not have the opportunity to replicate her early success in the senior ranks.

In 2014, the Victorian Men's 50km Championship was rebadged as an 'Open' championship, meaning that medals were now to be given to the first 3 finishers, regardless of gender. Alas, no women medaled in this shared championship during its remaining lifetime, until it was dropped in favour of a 35km in 2021.

2015 VICTORIAN CHAMPIONSHIPS

2015 saw 17 year old Jemima Montag make her first appearances in this listing, with silver in the 5000m walk (23:06.80) and gold in the 10km walk (48:02). An outstanding underage competitor, she had already repped in the 2014 Race Walking World Cup (as a 16 year old) and would back that up with a further vest for the 2015 World Youth Championships. She went on to take gold in the 2018 Commonwealth Games and 6th place in the 2020 Olympic Games, thus confirming her position as Victoria's greatest ever female walker.

Philippa Huse was also a first time name in the listing, with her 5th place finish in the 5000m walk. Philippa, born 1999, went on to represent Australia at the 2018 Race Walking World Cup and the 2019 World University Games.
